## BEHIND THE JOB: Solar Panel Installer

### 🔍 What do they do?

Solar Panel Installers set up, maintain, and repair solar power systems on homes, businesses, and large solar farms. They work with electrical components, mounting equipment, and safety systems to ensure panels operate efficiently and safely, helping communities transition to clean and renewable energy.

### 🔍 What are their strengths?

- Practical, hands-on skills
- Strong attention to safety
- Ability to work outdoors and at heights

### 📚 How do they get started?

Most begin with a Certificate III in Electrotechnology or Renewable Energy, often paired with on-the-job training. With further study and licensing, installers can progress into system design, electrical roles, or solar project management.
