MONDAY 16 MARCH #07

BEHIND THE JOB: Interactive Experience Designer

What do they do?

Interactive Experience Designers develop digital or physical experiences that engage users through games, installations, websites, or immersive environments. They combine creativity, technology, and user-centred design to create memorable and impactful interactions.

What are their strengths?

- Creativity and technical skills
- Understanding of user experience (UX)
- Collaboration and problem-solving

How do they get started?

Most start with a bachelor's degree in design, digital media, or interaction design. Portfolio projects and short courses in UX, AR/VR, or multimedia tools help showcase skills.

Next steps
