MONDAY 01 JUNE #16

DAY IN THE LIFE OF A Registered Nurse

Career Snapshot:

Nurses play a vital role in patient care, supporting people through illness, injury, and recovery. Their days are a mix of hands-on medical care, communication with families and doctors, and making sure each patient feels safe and supported. A nurse's day can be fast-paced and unpredictable, balancing clinical tasks with compassion and focus.

AM

- 7:00 am: Review patient charts and prepare for morning rounds.
- 8:30 am: Administer medications and check vital signs.
- 10:30 am: Update doctors and families on patient progress.

PM

- 12:30 pm: Assist with procedures and attend to patient needs.
- 2:00 pm: Complete documentation and adjust treatment plans.
- 4:00 pm: Handover to the incoming shift.

Additional Information

Nurses work in hospitals, clinics, aged care, and community settings. The role requires empathy, strong communication, and the ability to stay calm under pressure.
